

Paris - France - 23-27 July 2012

ICN+T 2012

International Conference on Nanoscience + Technology

1st Announcement

2012 International Conference on Nanoscience and Technology (ICN+T 2012)

July 23-27, 2012, Sorbonne, Paris, France

**Organized by: Centre of nanosciences in Paris Region (C'NANO idF) and
European Physical Society (EPS)**

We are pleased to announce the next conference, ICN+T 2012, to be held in Paris, July 23 – 27, 2012 at the Sorbonne University. It follows the ICN+T conferences in Keystone, USA, in 2008 and Beijing, CHINA, in 2010.

The 2012 International Conference on Nanoscience + Technology (ICN+T) will provide an international forum for discussion of the latest developments in **nanoscale science and technology** and recent advances in **scanning probe microscopy** and related techniques. In 2012, ICN+T will be held jointly with STM'12, in order to emphasize topics including scanning probe microscopy/spectroscopy and related instrumentation. This conference will also cover a range of topics in nanoscale science and technology, addressing the interdisciplinary, international nature of this exciting and rapidly growing field.

About 700-800 delegates are expected to attend the congress. An International exhibition of the latest equipment available for nanoscale measurement science and technology will take place at the same time.

Important deadlines can be found at <http://www.icnt2012.com/deadlines>

For more details, please refer to the website <http://www.icnt2012.fr>

We look forward to seeing you at **ICN+T 2012** and welcoming you to the historical Paris-Sorbonne University in the “quartier latin”.

ICN+T 2012 Chairs

Sylvie ROUSSET, Materials and Quantum Phenomena, MPQ, CNRS, Univ. of Paris Diderot

Bernard PERRIN, Institut of nanosciences in Paris, INSP, CNRS, Univ. Pierre et Marie Curie
